THE AMERICAN NUMISMATIC SOCIETY

CATALOGUE

OF THE

Numismatic Collections

OF MESSRS.

A. V. JENCKS AND GEORGE T. PAINE,

OF

PROVIDENCE, R. I.

MT. PLEASANT, ROXBURY, Mass. Nov. 14, 1866.

Concerning the following Catalogue I have only to say that it comprises the entire collections of the gentlemen named as its owners; and furthermore that, with a few exceptions, all the pieces described belonged in the collections. The exceptions alluded to are the coins near the end, mentioned as from the West.

In describing I have adhered to the standard adopted in my former Catalogues, and trust that no description will be found *overdrawn*.

My friend, Mr. Cogan, will receive orders for the sale, and execute them with his usual punctuality and care.

The sale being strictly for account of owners, I will, as in the case of Mr. Hoffman's sale, attend to any orders with which I may be entrusted.

W. ELLIOT WOODWARD.

 6.75 1215 Half Dollar, 1863, "*God our trust*" on the field of the

 mint, that seven sets only of these coins were struck,
 bearing date, 1863, and that after striking this

 ments emanating from that establishment, this is
 probably untrue, but the pieces of this date are much
 rarer than any others, except those of 1861.

 panion piece to the last, and equally rare; splendid

 oak and laurel; brass, 36; the back of the seal is

of copper, set in lead, the whole surrounded with a massive ring of brass, being of size 49; in perfect working order, lacking only the press. From a letter concerning it, I make the following extract;—
 “The seal was obtained from the custom house in Richmond, which was used by the rebel government for the accommodation of the Treasury Department, State Department, and for a private office for Jefferson Davis. It was obtained on the third day after the capture of Richmond by the United States forces, while the flames were still raging, and the streets were still filled with the scattered archives of the dead Confederacy. It was used to authenticate the official documents, bonds, &c., &c., that issued from the Treasury Department; its value and historic interest, therefore, will at once be seen.”

Mr. R. never had the dies in his possession, indeed, he was entirely ignorant of the process by which they were made, and when informed, seemed much surprised and pleased.
